Program outcomes and program specific outcomes evaluated by the institution. The college has only graduation program. Program outcomes displayed in advanced on the website of the college. Moreover at the start of every academic year the teachers talk about outcomes and specific outcomes of the program. The objectives of the syllabus, method of evaluation explained to the students. Attainment of the specific outcomes is evaluated by way of assessing the students by concerned teachers. Some students have cleared SET/NET and similar such exams. This again helps understand the attainment of program outcomes.

A unique feature of the college is that past students are working as a employees in this society as well as in various units of the society. Senior teachers can easily assess the outcome of the program by observing the past students who become teachers or joined as support staff. Feedback regarding the syllabus is collected from the students. However there is no specific system to evaluate the program outcome.
